Dear Colleagues,

It gives me great pleasure to invite you to the "2nd Istanbul Skull Base Approaches."

The conference is being organized by the Bahçesehir University of Medicine and will be held on **May 28 to 30, 2015**.

The workshops will provide hands-on experience to registered participants in the field of microsurgical skull base approaches.

We hope to have a good scientific program involving deliberations on skull base techniques and technology in present times, as well as demonstration of these techniques.

Looking forward to welcoming you all at Istanbul.

With best regards,

Prof. Dr. Evandro de Oliveira
