# WORLD FORUM FOR SPINE RESEARCH THE INTERVERTEBRAL DISC

First Japanese Meeting

January 23–26, 2008

The Westin Miyako Kyoto, Kyoto, Japan

This international forum will bring together clinicians, biologists, engineers and scientists to share knowledge in basic, translational and clinical research on the intervertebral disc. The meeting will cover all aspects of the intervertebral disc, from health to disease, and from current to future treatments.
